DAYS OF FAIR

Thursday and Friday,

November 6th and 7th.

ONE OBJECT OF AGRICULTURAL FAIRS.

There is no pursuit followed by civilized man that is more important than that of Agriculture. It is in reality the basis upon which every other business is established—the foundation stone of a social existence. Through it and by it subsists trade and commerce, the mechanic and all the non producing classes of society. Let there be a single unproductive year—let there be a failure of crops, and the ships lie useless at the wharf, the banker suspends payment, the merchant retires, the manufacturer closes his mills, the mechanic cannot procure employment—all portions of community feel the dire effects; all business operations languish.

Again: Agriculture ranks high in importance because it employs more men and capital than all other pursuits combined. When we look over the entire country—the United States—with its fertile uplands and teeming prairies, its grain fields and pasturages, its orchards and its meadows, we can form some conception of the magnitude of the farming interest. Whether we course upon the iron horse over the vast plains of the West, or through the rock-ribbed mountains of the Middle States; whether seated on the steam sped vessel, we look out upon the rank vegetation of the bottom lands, or, in the distance, gaze upon the verdant hillsides and the fertile highlands—everywhere we have impressed upon us the importance of agriculture, and the fact, too, that the promotion of its interests are identical with the advancement of public good.

And this promotion and advancement can be materially aided by the holding of annual Fairs. It affords an occasion for farmers to meet on common ground and interchange ideas as to the best plans of carrying on their agricultural operations and the most effective way of advancing the farming interest. They will bring with them the fruit from the orchard, the grain from the field, the cattle from the stall, the vegetable from the garden, the produce from the dairy and the dainties of the larder, and all will see, and admire and learn. All will be benefitted.

Truly an important branch of industry is Agriculture, and on all hands we find the fact recognized. It is recognized by the Government, as shown by the scattering of seeds and plants broadcast over the land and by the dessemination of useful knowledge by means of the Patent Office Reports. It is recognized by the press, as exhibited by the continued and united effort made to improve the taste, cultivate the mind and enhance the pleasure of the farming community. Let it be recognized by the people of this whole district on the 6th and 7th days of November by their leaving workshop and office, counting room and factory and crowding to the Fair, the object of which is to give a new impetus to the Agriculture of this section.

THE FIRST SETTLEMENT OF NORTH CAROLINA.

The Hon. A. M. WADDELL insists that this State was settled at least five centuries before the time of Columbus. On the 15th inst. he delivered a lecture on the subject at Wake Forest College. He asserted that 500 years before Columbus was born the Irish discovered and settled North Carolina and called it Great Ireland. In support of this somewhat starling propositions the lecturer showed that the Esquimaux informed Lief, the son if Eric the Red, in the year A. D., 1,000, that white men lived south of Chesapeake Bay; that the chronicles o Ireland prove that at this early period Christian men inhabited Hvitramannaland—the White Man's Land—now North Carolina; that when Amadus and Barlowe visited Roanoke in the year 1584, they found among the aborigines children with blue eyes and auburn hair—proving their Caucasian descent; and that the natives of this region spoke the Gaelic language, and claimed that some of their ancestors were white men, and "talked in a book."

The future historian of the State was urged, before entering upon his pious task, to examine with care the records of Northern Europe, the contemporoneons narratives of voyages, and the archæology, of the Icelanders; and he would most assuredly find, by the aid of these "Northern Lights," that the history of the Old State begins long before the period usually assigned to it.

The Yellow Fever is still raging at Memphis. The per centage of deaths continues large.

THE AMERICAN CENTENNIAL.

We remember of reading an old story somewhere of HENRY CLAY who on returning home from Washington in his earlier days, and traveling by stage over the Allegany Mountains, when reaching that part of the summit where a view of the broad Western plains first breaks upon the view, alighted, spent some time in observation and then appeared to look and listen intently. When asked by his companions the cause of this, he answered: "I am listening to the footsteps of the millions of the coming generation." Far sighted, he saw them coming and he heard the noise of their march. Utopian as his grand view may have seemed, and a wild dreamer his comrades may have thought him, yet, his great mind discovered some of the indications of the coming day; he saw the glimering of the light upon the mountain tops—the brighter beams of which now shine around us. Already many of these millions have passed over those mountains, and added State after State to the Union. They pioneered the way and in their track follow'd cultivation and development and riches marvelous to behold!

How wonderful the progress this great country has made in a hundred years! No where on this green earth is there a parallel. Well said a great orator: "The wealth that God has given us in this great land of ours is wholly incalculable." It is a land to be proud of. And as for our Government, its power has been tried—tried by one of the most severe conflicts—and the decision has been made that not one star shall be eraced from the flag nor a single stripe removed from its place. No, we need not be ashamed of our progress in all that makes a nation really powerful and great, nor need we hesitate in extending a broad invitation to all the nations of the earth to visit us on our hundredth birthday and see with their own eyes what we have achieved and what we are doing. And when they come from all parts of the world, people of all creeds and of all nationalities and look upon our prosperity they will go back to their lands, carrying the tidings of our civilization, the happiness of our people, our unmeasured wealth and what a Republican government can do to promote the best interests of its people. It will give a new impulse to the cause of progress and of liberty all over the earth.

SILVER COIN CO MING INTO USE AGAIN.

From various facts and indications received lately by Dr. Linderman, Director of the Bureau of the Mint, that gentleman is confirmed in his opinion expressed about a fortnight ago, that silver will be quite generally used in connection with, and at the same rate as, fractional currency by the 1st of November. All the mints in the country are under orders to work to their full capacity, and already the Philadelphia mint is in receipt of orders for silver coin from various parts of the country. The Superintendant reports that he has received from Chicago 50,000 ounces of silver bullion with directions to strike it in half dollars, quarters, and dimes, to be used in that city as curredcy. The vallue of the bullion is $62,500, the business places in this city are already advertising that they will pay specie in chnge.

The efforts of certain Democratic papers to figure up gains for their party in Iowa are amusing enough to make a dyspeptic laugh. Considering that there is no Democratic party in that State, it having sold out its effects and given up the gohst, the efforts of the Bourbon papers to get up a giggle suggest those of a dead man trying to beat a tattoo on his own coffin.

A wicked Boston man calls his wife "Birdie" because she always meets him with a bill.—*Ex.*

Billing and cooing are always associated with love—the cooing with courtship and the billing afterwards.

A gang of counterfeitors that have for a long time infested Eastern Tennessee and Western North Carolina have been detected and arrested. Over seventy persons have been arrested.

New Books Periodicals, &c.

LIPPINCOTT'S MAGAZINE for November contains, among other seasonable and attractive articles, a sparkling description of London Balls, by a Londoner, who divides these festivities into the public, the semi-public, and the private ball, and sketches in a graphic and biquant style specimens of each variety, such as a subscription ball at St. James's Hall, a Lord Mayor's ball at the Mansion House, a ball given at the Inns of Court by the Barristers' Volunteer Corps, popularly known as the "Devil's Own," and the usual fashionable entertainment which turns night into day and keeps the carriages whirling through the streets and to West End from midnight till dawn. A story which can hardly fail to attract general notice is entitld "The Livelies." The writer, Mrs. Sarah Winter Kellogg, author of "Her Chance," "Mr. Twitchell's Inventions," etc., was a sufferer by the Chicago fire, and has here woven into the thread of a most entertaining story striking an thoroughly realistic narrative of her experieuce during the great conflagration, and the scenes, both pathetic and ludicrous, that came under her observation. There is another long installment of Mr. Black's popular novel, "A Princess of Thule," which gains in interest with each succeeding number, while it is the only serial of the year in which the charm of an exquisite style heightens the attractions of a well-constructed story and finely-developed characters. The "New Hyperion," with its spirited descriptions and quaint artistic embellishments, is also carried forward another step, landing the hero in new embarrassments. Another illustrated paper is the second of a series of Sketches of Eastern Travel," by different writers, the present number being an interesting account of Batavia, the capital of the island of Java, with its variegated population, its interesting streets and canals, and its tropical foliage and fruits. Under the title of "A Strayed Singer," Miss Kate Hillard gives a well-writen paper sketching the career and analyzing the writings of Thomas Lovel Beddoes, a poet of the Elizabethan type, but belongs to the nineteenth century, and, though little known to general readers, ranked by critics among writers of a rare and peculiar genius. "Orco," from the French of Georgia Sand, is a Venetian story, characterized by the brilliant imagination and rich word-painting in which its author is unsurpassed. A lively article on the Isle of Wight gives a very agreeable pictur of the renowned "Undercliff," with its charming scenery and genial climate, and describes the former residence of Tennyson,—from which he was driven by the intrusions of his admirers,—the present abode of Miss Sewall the cottage once inhabited by the famous "Dairyman's Daughter," and other objects of interest. Several pleasing poems by Miss Lazarus and others, the usual attractive variety of the "Monthly Gossip," and some keenly written critical notices complete a number which exhibits the best qualities of magazine literature, while promising enthrtainment for readers of every class.

CORRESPONDENCE

Letter from Pennsylvania.

HOLLIDAYSBURG, Oct. 24th, 1873.

To the Editor of the North Carolinian:

We left the pleasant city of Elizabeth Sept. 23d. Had a pleasant and picturesque trip to Norfolk; took the Bay line steamer George Leary for Baltimore; all pleasant except the ventilation of our state room which was horrible, caused the writer a *sick spell*; arriving at Baltimore, the *hills* looked strange as our eyes had not rested upon them for four long years; remained in Baltimore one day sick—the effect of the bad air on board steamer, as above stated. Left Baltimore Thursday 26th and took fast line; ran from the latter place to Harrisburg, a distance of eighty-six miles in two and a half hours. Think of it ye denizens of N. C., who are opposed to Railroads. Arrived at this place same evening; still laboring under the effects of said bad atmosphere. We have been favored with the most delightful weather imaginable; have had but a single disagreeable day since we left your city. We find pleasant evidence of progress everywhere in the "Key stone" that we have visited, and nowhere more fully shown than in Bellefonte, where our clever townsman D. G. Bush, has expended large amounts in the erection of handsome brick blocks, a credit to himself and an adornment to Bellefonte.

The Keystone true to herself has given a handsome majority for Gordon and Mackey the Republicans &c. The liquor question mixed matters somewhat throughout the State. The financial difficulty is much talked of here, but they say it is easing up some. The P. R. R. in consequence have discharged large numbers of men. Crops good and season fine. Hills beautiful with their variegated appearance &c.

Very truly yours,
C. C. PRICE.

SYMPTOMS OF LIVER COMPLAINT.—A sallow or yellow color of skin, or yellowish brown spots on face and other parts of body; dullness and drowsiness with frequent headache; dizziness, bitter or bad taste in mouth, dryness of throat and internal heat; palpitation; in many cases a dry, teasing cough, with sore throat; unsteady appetite, raising of food, choking sensation in throat; distress heaviness, bloated or full feelling about the stomach and sides, pain in sides, back or breast, and about shoulders; colic, pain and soreness through bowels, with heat; constipation alternating with diarrhœa; piles, flatulence, nervousness, coldness of extremities; rush of blud to the head, with symptoms of apoplexy, numbness of limbs, especially at night; cold childs alternately with hot flashes, kidney and urinary difficulties; dullness, low spirits, unsociability and gloomy forebodings. Only a few of above symptoms likely to be present at one time. All who use Dr. Pierce's Alt. Ext. or Golden Medical Discovery for Liver Complaint and its complications are loud in its praise.

A CURE OF LIVER DISEASE.

Rusk, Texas, May 10th, 1673

DR. R. V. PIERCE:

Dear Sir:—My wife last year at this time was confined to her bed with Chronic Liver Disease. I had one of the best doctors to see her, and he gave her up to die, when I came upon some of your medicine. She then welghed 82 pounds; now she weighs 140 pounds and is robust and hearty. She has taken 8 bottles in all, so you see I am an advocate for your Medicines WM. MEVZEL.

A nice party of Old Folks that was, Oct, 1, in West Boxford, Mass. There were 42 men and women whose united ages amout to Three Thousand and Ninety-Four Years. Average, 73 years, 9 months. One of the gentlemen (91) was only 17 years old when George Washington died, but strange to say, dosen't claim to have seen or voted for him.

ASIATIC CHOLERA IN CHINA.

Almost every case cured with

PAIN-KILLER.

DEAR SIRS: During a residence of some ten years in Siam and China, as a missionary, I found your Pain-Killer a most valuable remedy for that fearful scourage the Cholera.

In administering the medicine I found it most effectual to give a tea-spoonful of Pain-Killer in a gill of hot water sweetened with sugar; then, after about fifteen minutes, begin to give about a tablespoonful of the same mixture every few minutes until relief was obtained. Apply hot application to the extremities. Bathe the stomach with the Pain-Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully, in the way stated above, eight out of ten recovered.

REV. R. TELFORD, Missionary in China

DEAR SIRS: During a long residence in China I have used your valuable Pain-Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the Summers of 1862 and 1863, while residing in Shanghai, I found it an almost certain cure for cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice. Though with ut medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them and opens a door of usefulness. In diarrhea, colic, vomiting, cholera coughs, etc., your Pain-Killer has been my chief medicine. Yours, very truly,

REV. T. P. CRAWFORD, Tungchow, China

Those using Pain-Killer should strictly observe the following directions:

At the commencement of the disease, take a teaspoonful of Pain-Killer, in sugar, and water, and then bathe freely across the stomach and bowels with the Pain-Killer clear. Should the diarrhea and cramp continue, repeat the dose every fifteen minutes. In this way the dreadful scourage may be checked and the patient relieved in the course of a few hours.

N. B.—Be sure and get the genuine article and it is recommended by those who have used the Pain-Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls instead of one.

The PAIN-KILLER is sold by all the Druggists and Dealers in Family Medicines.

☞ Price, 25 and 50 cents and $1.

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath vielded bounteously of all the products of its soil, so that the garners of the husbandman are filled to overflowing; and the industious mechanic has realized a rich reward from his labor, and every class of our population has prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State. The question is almost daily asked, "What is the cause of the unparalled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

TABLE IV

FINANCIAL CONDITION OF THE COUNTY.

On the first day of September 1872 as shown by the records of the county, so far as the amt. of money orders issued on the Treasury and Jury tickets now outstanding. But in relation to the County Bonds, Coupons and School liabilities, whilst we have exhausted every means available to us to fix upon the *true* amount of each, and believe we have, nevertheless, as there is no record of the *issuing* nor *cancelling* of either Bonds, Conpons nor School Money orders, possibly it may hereafter appear that we have not been entirely correct in the sums fixed upon. The following are the *known* sums of the county's operations to Sept. 1st 1872:

For amt. of old money orders with stubs outstanding on the first of July 1868, denominated "old orders"	8,502.62	
For amt. jury tickets with stubs outstanding July 1st 1868	895.68	
For amt. money orders with stubs issued from July 1868 to Sept. 1st 1872, denominated "new orders"	31,277.89	
For amt. jury ticket issued from July 1868 to Sept. 1st 1872	3,184.17	
For amt. school money orders *claimed* to have been issued to Sept. 1st 1872	11,302.87	
For am't of Co. Bonds known to have been issn'd in 1869 and 1870	5,150.00	
For amt. Coupons due but not paid Sept. 1st 1872	268.00	
PER CONTRA.		
By amt. of "old order" stubs cancelled to August 30 1872		7,545.89
By amt. of "New order" stubs cancelled to August 30th 1872		24,735.12
By amt. of jury ticket stubs cancelled to August 30th 1872		3,436.50
By am't of school money orders claimed paid to Aug. 30th 1872		10,649.15
By amt. county Bonds due and presumed paid to August 30 h 1872		1,050.00
By balance of *known* county liabilities owing and unpaid on the 1st day of Sept. 1872		13,224.57
	$60,581.23	$60,581.23
Amt. of county liabilities outstanding Sept. 1st 1872 is	13,224.57	

TABLE V.

CLASIFICATION OF THE COUNTY INDEBTEDNESS, SEPT. 1ST 1872.

For balance "old" money orders outstanding	956.73
For balance of *all* jury tickets outstanding	643,33
For balance of "new" money orders outstanding	6,542.77
For balance of school money orders, *known* to be outstanding Sept. the 1st 1872	663.74
For balance of county Bonds outstanding	4,150.00
For Coupons due, and not paid Sept. 1st 1872	268.00
Total liabilities	$13,224.57

To meet these liabilities, the county has in the hands of the Sheriff for collection the *Tax Levy* for the current year, the *net* revenue to the county from that source will be *Ten Thousand Dollars*, which will, if so applied, and exclusively to these liabilities, according to dignity, pay all claims *due* at the time allowed the Sheriff for collecting, as not more than *twelve hundred dollars of the Bonds* will be due at that date.

The legitimate expenses of the county annually, is about *six thousand five hundred dollars*, hence an assessment of taxes for the ensuing year (1873) similar amount, must relieve the county of *all debt*. When it is to be hoped, all *speculation* in county *scrip* will cease.

SHERIFF OF THE COUNTY

is usually constituted *Tax Collector* of our county, and for the last six years has perfoamed this duty.

The list of taxes for the year of 1868, was, by order, of the County Commissioners, altered, changed and corrected so much, that to make a clear and positive statement therefrom after the elaps of so much time, seems almost impossible, but from the best of our understanding of changed and altered figures upon the list, we believe the Sheriff has been properly charged with all taxes collected by him for that year and that he has paid the same over to persons authorized to receive the same.

In the tax list of 1869 we find added by interlinations, after the completion of the list by the Clerk, and not charged to the Sheriff in his settlement for that year 1869, amounting to 8.38

Also for the year of 1870 the sum of 199.48

And for the year 1871 the sum of 36.77

Now due County $244.60

COUNTY TREASURER.

Recorded reports, though not *itemized* as to disbursements, but *aggregated* only and without classification, made by former Auditors for the years of 1868, 69, 70, 71 and up to August 30, 1872, exhibits the sum of $52,817.57 of County and State Monies received by him during said period of time, and properly disbursed by him as Treasurer of the County. Which said sum fully covers all monies, that ought by virtue of that office, to have gone into his hands.

CLERK OF THE SUPERIOR COURT.

On examination your committee find settlements from time to time, with persons properly authorized for him to settle with and paid over to the Treasurer and others entitled to receive the same, all sums of money received by him as said officer, proper for him to pay over, from July 1868 to July 1872.

We also find the condition of his office good, and good and proper care taken of the records thereof. We further find upon his records settlements of all public admtnistration accounts of any magnitude.

REGISTER OF DEEDS,

We find reports and settlements complete from July 1868 to September 1872.

His records are in as good keeping as the convenience allowed him for doing so will allow.

COUNTY MONEY ORDERS.

The issue whereof with the exception of No. 248 for $14.84, No. 254 for $25, No. 90 (new book) for $20 and No. 88 for $20, have all been regular in the *aggregate*, and according to the minutes of the Board of Commissioners as to allowances made by them, but in some instances, which we think improper, an amount is allowed to a person, who, when asking for the order, in place of one order for the whole amount, he asks for and obtains two or more orders. No order should be issued by the clerk otherwise than the reading of his authority for the issue. A creditor of the county may, at the time he lays his claim before the Board for an allowance, note at the bottom of his account the several sums he wishes his allowance to be issued in, and the Board can have entered upon their minutes, the several denominations of orders that shall be issued to the claimant.

COUNTY OF PASQUOTANK }
Elizabeth City, Oct. 10, 1873. }

To the Commissioners of the County:

GENTLEMEN:—We the undersigned Finance Committee for this county, after much time and labor, unparalelled in the history of this county, beg leave to lay before you the result of our labors. The book denominated the Finance Book, contains itemized tables of all the county financial business from 1868 to Sept. 1872. We also file sundry packs of statements denoting every money order and jury ticket, having stubs, outstanding on July 1st 1868 and that have been issued since that date up to Sept. 1872, as also a full and complete list of all *cancelled* stubs. The tables prepared for publication are merely aggregated amounts, but are correct as to the several sums named therein, and we are glad to find that the entire indebtedness of the county on the 1st of Sept. 1872 does not exceed the county tax for that year, more than $4,000 and that the tax for 1873, if equal to amount to that of 1872, will cover the entire liabilities of the county to January 1st, 1874 if collected and applied within that time.

Very many of the items of disbursment of the county revenues for the years of 1868, 69, 70, 71 and to Sept. 1872 have no record, and though they in the whole, greatly exceed our expectations,

NOTICE.

TO PARTIES ATTENDING THE FAIR.

The Dismal Swamp Steam Transportation Company will transport all articles intended for exhibition at the "Albemarle Agricultural Society" at Elizabeth City, **free of charge.** *Passengers attending the Fair will only be charged one way.*

Remember the Fair takes place on Thursday November 6th and 7th.

☞ On Dr. POOL'S lot on Main Street, there is a pear tree in full bloom.

☞ Judge BROOKS is holding Federal Court at Newberne this week

☞ The latest quotations from New York are Gold 108½; Cotton 15½c and Corn 74c.

☞ How true it is that there are some things in this world that, to be enjoyed, should be felt. A good hat for instance.

☞ Remember the Fair begins to-morrow week. Let everybody get ready to come, and let all who can bring something to place on exhibition.

☞ The rustling fall of the Autumn leaves seem but the echo of the broken hopes that an unseen hand has taken from our future.

☞ We are authorized to announce that there will be a grand Tournament on the Fair Grounds at this place on Saturday November 8th.

☞ Among the amusements there will be an exciting Stilt and Foot race on the Fair Grounds on the first and second days of the Fair.

☞ Family tickets will be issued for the Fair. Price $2. Each ticket will admit four persons, members of the same family, during both days.

☞ Early rising is said to be a healthful recreation, but somehow, it has never got to be as popular as croquet and such like games, especially among voting folks.

☞ The protracted meeting of our Baptist friends has closed. It was attended with good success. On Monday evening eleven persons were baptised in the Pasquotank by Rev. Mr. OVERBY.

☞ A stingy merchant, in a neighboring town, who had a class in Sabbath School, asked: "What is solitude?" He was visibly disturbed when a boy answered: "The store that don't advertise."

☞ His Excellency Gov. CALDWELL, has issued his proclamation setting apart Thursday, Nov. 27th, 1873, as a day of Thanksgiving throughout the State. Attention is invited to the proclamation which will be found in another column.

☞ The Premium List, as revised and corrected, is published on our first and fourth pages this week. The Judges are also announced. The latter are requested to meet at the Secretarys office on the Fair Ground Friday morning promptly at 9 o'clock in order to receive instructions, etc.

☞ Maj. F. D. BUNNEL had a lot of very fine Stock at the State Fair for which he took eight premiums. He is attending the Fair at Weldon this week and will be here in time to exhibit at our Fair.

☞ One week from to-morrow to the Fair. Of course everybody is expected to come, and we hope our merchants and mechanics and farmers are preparing to put their goods, fruits and other products on exhibition, and especially do we hope that our fair friends—the ladies will furnish contributions of their handiwork to fill up the departments always the most attractive.

☞ Some months ago the air was rife with rumors of fraud in the past management of our County Finances. A Committee of Investigation was appointed. They have labored over eight months and this week their report is published. The result cannot fail to be productive of good. It silences clamor and shows that the rumors were without justification.

☞ Capt. W. A. HARNEY, Chief Marshal of the Fair, is rendering the Managers all the aid in his power. He is a full team when he takes hold. Not only will he transport all articles intended for exhibition to and from the Fair *free of charge*, but will only charge passengers *one fare*. He is doing much to add to the interest of the enterprize. He is emphatically the "right man in the right place."

☞ On the night of the 21st there were two fires in the town of Hertford, showing an incendiary attempt to burn the town. The large warehouse occupied by DAUGHTERY & MCMULLEN, in rear of their stores was burned and the cabinet shop of F. W. STOKES was also destroyed. It required great effort to save adjoining buildings. In the warehouse about $3.000 worth of merchandise were destroyed. The goods were insured; the building was not. A reward is offered in this issue of the NORTH CAROLINIAN for the apprehensoin of the incendiary.

☞ His Excellency, Gov. Caldwell, has appointed Dr. PALEMON JOHN, of Elizabeth City and editor of the *North Carolinian*, State proxy for the Chesapeake & Albemarle Canal Company.—*Raleigh News.*

The Commission has been recived. The following gentlemen have been appointed Directors on the part of the State: Hon. C. C. POOL, of Pasquotank Aug. M. MOORE, Esq., of Chowan and ENOCH F. BAXTER of Currituck.

☞ There are many people who have in their possession articles of various kinds which are either in themselves real curiosities or have attached to them a curious and interesting history. Now is the time to use them in a way that will interest a large number of people. The miscellaneous department of our coming Fair is just the place to exhibit them. They will add to the variety and their possessors will gain the thanks of the Managers of the Fair as well as those who visit it.

☞ There seems to be a mania for stealing about this time. Horses, mules, cattle and farming utensils disappear as if by magic, overcoats, watches, and other things down to a ten peny nail are gobled up.—*Decatur (Ill.) Republican.*

By the above it will be seen that this is not the only place suffering from the depredations of thieves "on the war path." But fortunately, several who have been gobling up cotton and various other articles have recently been gobbled up themselves, and they will likely stay gobbled for a while. There is no necessity for stealing in this vicinity and those found guilty should be severely dealt with.

☞ Gen. MATT W. RANSOM, United States Senator, has been invited to deliver the Address at our Fair and we are happy to announce that he has accepted. The address will be delivered on the Grounds on the second day of the Fair —Friday morning, November the 7th, at 10 o'clock. Gen. RANSOM is a fine speaker. He delivered an address at the Salisbury Fair and another at the State Fair at Raleigh. Both efforts are spoken of in the highest terms. This will be his first visit to this section and as he speaks upon a subject all our people are deeply interested in we are confident hundreds will embrace the opportunity to hear him.

☞ The workmen are busy on the Fair Buildings. They are being constructed, temporary it is true, to shelter and protect all articles placed on exhibition. An efficient police force will be on duty both day and night. The Track is likewise being fitted up in excellent order. No effort is being spared, with the limited means of the Managers, to have everything in the best condition. The Superintendent of the Stock Department—a gentleman of large experience at Fairs—is making ample arrangements for the accommodation of horses, cattle, sheep, hogs, etc. There will likewise be a well of water on the grounds.

☞ We asked a friend the other day —*a pater Familias*—to be sure and take something to the Fair. He replied that the only thing he had was a baby! We told him to bring it along, but as for a premium the committee had decided to offer none. At one stage the idea was suggested but on debating the question they overheard a man with his *first* baby —and it is a baby to be proud of—declare that if any set of judges should dare to decide in favor of any body elses baby he'd speak to them never more! That decided the matter—irrevocably. It wouldn't do. Every disappointed *parient* would possibly do the same thing, and how would a set of judges feel to have so many exasperated competitors looking daggers at'em?

☞ There is still a great lack of currency in this section. The supply is not nearly equal to the demand. And this is an especial time when currency is needed in the South. It is the time for gathering the cotton. The laborers believe in nothing else but *greenbacks*, and under the incentive of *cash down* they work with sufficient diligence and activity. Checks or promises to pay don't answer. Thus the scarcity of currency at this time is severely felt by our planters. The cotton crop must be picked at the right time or it is lost. The saving of a year's labor and hope in the South is not altogether dependent upon the weather; it is largely dependent upon the state of the money market. Occurring at this time the monetary panic has hurt us no little. It is not over yet.

LOCAL PORT-FOLIO

NATURAL DECAY—PROTECTED THE SYSTEM.—The human body is a machine, and therefore cannot endure forever; but, like a watch or a sewing machine, it will last much longer if properly regulated and duly repaired, than if no pains were taken to keep it in order. The great object of every one who desires a long and healthy life should be to put his body in a condition to resist the life threatening influences by which we are all more or less surrounded; and no invigorant and corrective at present known so effectually answers this purpose as the vitalizing elixir which, under the unpretending name of Hostetter's Stomach Bitters, has been for more than twenty years the standard tonic of America. In crowded cities where the atmosphere is contaminated with the effluvia inseparable from large populations; in marshy regions where the soggy soil reeks with miasma; on the prairies and in the forests, where every fall the air is tainted with exhalations from rotten weeds and grasses, or decomposing leaves—in short, in every locality where the endemic exists, this powerful vegetable antidote is urgently needed. For ranks against bilious fevers, dysentery, congestion of the liver, jaundice, rheumatism, and all diseases which are generated by infected air, impure water, or sudden changes of temperature, may be averted by strengthening and regulating the system in advance with Hostetter's Bitters. Autumn is always a season of peril, especially to weak, susceptible organizations. Keep the more vigorous are apt to be in some measure prepared by the humid atmosphere, loaded with deleterious gases produced by vegetable decay. The full period of the year when the restoration and regulation of the living mechanism is peculiarly important, and the Bitters should therefore be taken daily at this critical season.

THE HOWE MACHINE Co., No. 38 N. Charles St., Baltimore, Md.

If a man wants a bottle of whiskey, let him buy it and take it home like a man, and not sneak home with a bottle "Bitters," or "Cordial," and pretend that it is medicine. If he wants a tonic that is better than a temporary stimulent, he should get a bottle of Peruvian Syrup, (an Iron Tonic,) that will vitilize the blood and give double strength to the system.

New York has a strict usury law.—No man can lawfully take more than six per cent. per anum in the shape of interest. And yet in that city, on Tuesday last, as the *Times* boldly publishes, and no one seems surprised at the announcement, "money advanced in rate to one-half per cent. per day"—182½ per cent per annum!

Prof. Alexander McIver, Superintendent of Public Instruction, states that donations from the Peabody School Fund have recently been made to the following school in this State: Hendersonville, $300; Enon, Transylvania county, $300, South Henning, Buncombe county, $450; Bethlehem, McDowell county, $300.

Cape Fear Baptist Association met with the church at Big Branch, Robeson county, N. C., on Thursday, October 23d, 1873, at half past ten o'clock A. M. Elder D. K. Bennett preached the introductory, and Elder A. R. Pittman the sermon on missions.

A man from Placerville, Cal. when asked by a Saratoga waiter what he would have for breakfast, replied "Well I rather guess, I'll flop my lip over a chicken."

DESCRIPTIVE CATALOGUE.

OF VALUABLE

NORTH CAROLINA LANDS,

FOR SALE BY

GEORGE D. POOL.

Real Estate Agent,

ELIZABETH CITY, N. C.

In presenting my list of lands and other properties for sale, I would say that no section of the United States offers such inducements for capitalists and emigrants, as this section of North Carolina. In longevity and healthfulness, it will compare favorably with any where: and in easy and cheap transportation of products to market, in pleasantness of climate, in the sociability of the people, in great fertility, and durability of soil, no section can equal it.

A railroad will soon be buil to Norfolk, putting this place in direct communication by Rail, with the whole United States. This, together with our great fishing, farming and manufacturing interests, and certain early completion of already projected works of improvement for putting in nearer, cheaper and easier communication with the Ocean, will render this one of the most important commercial, and manufacturing points on the Southern country.

A desirable house and lot in the town of Elizabeth City on the corner of two principal streets, the principal one, and situated in the best business locality in the town. The lot contains about two acres of land, and the buildings consist of a fair dwelling three stories high, containing eight rooms, all in good order, another two story building with four rooms and pantries, dairy, smokehouses, stables, &c. The dwelling has a good cellar under it. There is room on the front lot to erect two good stores, and they would occupy the best stand in the town for merchandize.

A farm of 700 acres in Pasquotank County 10 miles from town, with fine two story dwelling, large barn, kitchen and other outhouses; as also, two other dwellings, barns and other houses at different points on the farm. This farm is all cleared but 150 acres, is free from swamps and other waste land, and is well adapted to raising corn, wheat, cotton, oats, &c. The price is 14,000 in easy payments.

A farm of 500 acres in Pasquotank County, 6 miles from town, and one mile from the River, with good new dwelling built in modern style, barn, stables, four tenant houses scattered over the farm, fine water, &c. This farm is situated on the most public road in the County, has 300 acres cleared and balance in splendid pine, oak, cypress, maple, sweet gum, and other valuable timber. It is peculiarly adapted to raising cotton, $50 per acre, net, having been realized on a part of it this year in cotton. It also grows corn, wheat, oats, and other crops well. Price $12,000 in easy payments.

A valuable vacant lot in the town of E. City containing a half square, on the principal street in the town immediately opposite Court House quare. Has an iron fence in front, fine shrubbery, and is near the large new Hotel justerected, Price $2,000 in easy payments.

Also two fine farms in Pasquotauk county, 10 miles from E. City, within half mile of church, school house and post office. One tract contains about 400 acres, with fair buildings and mostly cleared, and the other contains 300 acres, with good two story dwelling, large barn, and other outhouses, both are offered at $20 per acre, one third cash, balance in one and two years.

Three farms—one of 100 acres, one of 80 acres and one of 190 acres, within two miles of town, mostly cleared land. Price $20 per acre for each tract—payments on easy terms. Also many other valuable farms and town lots too numerous to mention.

BANKRUPTCY.

THE FIFTY PER CENT. CLAUSE.

As there seems to be a misunderstanding in regard to the effect of the provision of the Bankrupt Act, commonly called the 50 per cent. clause, we publish the following extracts from the Act:

The second clause of the thirty-third section as amended by the Act of July 27, 1868, provides "that no discharge shall be granted to a debtor whose assets *shall not be equal* to fifty per centum of the *claims proved against* his estate upon which he *shall be liable as the principal debtor,* unless the assent of writing of a majority in number and value of his creditors to whom he *shall have become liable as principal debtor;* and *who shall have proved their claims,* filed in the case at or before the time of hearing of the application for discharge.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled—that the provisions of the second clause of the thirty-third section of said act as amended by the first section of an act in amendment thereof, approved July 27th, 1868, shall not apply to those debts from which the bankrupt seeks a discharge which were contracted prior to January 1st, 1868.

The true meaning is not that a bankrupt must be able to pay fifty per cent of all his debts, before he can obtain a discharge, as many believe; but that his estate, in the hands of his assignee, at the time of the discharge, must *be equal, to fifty per cent.* of the amount of the debts.

1. That he owes as *principal;*
2. That have been *proved* against his estate in bankruptcy; and
3. That he has contracted *since* the 31st day of December, 1868.

Or, if a majority in number and value of those who have proved their debts, to whom the bankrupt is indebted as principal, on debts contracted subsequent to Dec., 31, 1868, consent in writing to the discharge—such bankrupt may be discharged forever from all his debts.

If a debtor, owing three thousand dollars principal, twenty-five hundred of which indebtedness was contracted prior to January 1, 1869, and five hundred subsequent to that time, files his petition in bankruptcy, and all his creditors prove against him, and there are no assets in the hands of the assignee, the petitioner will be entitled to a discharge; but it will be a bar only to the debts contracted prior to January 1, 1869.—If no creditors prove, the discharge will be good against *all* debts, whether contracted before or after January 1, 1869.

The practical effect in bankruptcy-cases generally is, that creditors fail to prove their debts, finding it ordinarily unprofitable. They have had, in a large majority of instances, heretofore, the trouble and expense of making proofs without receiving any return. The 50 per cent. bugbear, therefore when viewed in the light of the law and common-sense, disappears.

EXEMPTIONS IN BANKRUPTCY

The exemptions under the 14th section of the Bankrupt Act are as follows:

1. Household and Kitchen furniture to the amount not exceeding $500,00
2. Wearing apparel of Bankrupt and family.
3. Uniform, &c., if he has been a soldier in the United States Army.
4. Personal property of the value of $500,00 to be selected by the Bankrupt.
5. A Homestead and the dwelling and buildings used therewith, not exceeding in value the sum of $1000,00; or in lieu thereof, any lot in any city, town or village not exceeding in value the sum of $1000,000.
6. The reversionary interest in the Homestead lands.

In laying off the Exemptions in some Districts, the Assignees are ordered to accept and abide by, any assignment of a homestead which has been made by a Sheriff under the State laws; or which has been assigned upon the application of a debtor in accordance with the laws of N. Carolina. Where no such assignment of homestead has been made, the assignee will proceed to set apart such homestead, and make the other exemptions according to the rules of the bankrupt Court.

The report of such exemptions when made by the assignee can be excepted to by the bankrupt, or by any creditor, within twenty days after the allotment of such exempt property.

EFFECT OF THE DISCHARGE IN BANKRUPTCY UPON JUDGMENT

It is the opinion of many of our best lawyers that the discharge in bankruptcy, discharges judgment debts existing against the bankrupt at the time of filing his petition, and that therefore the liens existing by virtue of such judgments, upon homesteads are wiped out, and cannot afterwards be enforced. In fine, that the practical effect of the discharge, is to leave a man, whose homestead was encumbered by judgments, free from all his debts, of every nature, and the owner in fee simple of such homestead.

Again many lawyers, equally prominent in the profession, are of opinion that such will not be the effect of the discharge. That the homestead, will still be liable under the judgments and that when, it determines under our State laws, the judgment creditor may enforce his lien and collect his debts.

To place this matter beyond doubt, the following rule has been adopted for the benefit of petitioners who are not willing to run any risk.

That the petitioning debtor may file his petition in the District Court, addressed to Hon. Geo. W. Brooks, asking that the judgment creditor, or creditors, show cause why the liens existing in pursuance of their judgments should not be adjusted by said court, and their present value ascertain and fixed, and the amount when so ascertained, to be made the true value of such lien or liens by the decree or judgment of said District Court, in bankruptcy.

The right to adjust such liens, is exercised in pursuance of Sec. 1. of the Bankrupt Act.

FILING PETITIONS AND SCHEDULES

Petitions and Schedules must be in duplicate. Petitioner should sign each sheet, except only to schedules. It is not necessary to file sheets of schedules that are not used. All papers in bankruptcy must be sworn to before a Register in Bankruptcy, U. S. Commissioner, or Clerk of the court.

The following deposit to secure costs is required at time of filing Petition, Register $20 Clerk $20, Messenger $5. Bankrupt blanks can be had of M. B. Culpepper, Elizabeth City, prepared in sets for Two Dollars

The original papers in all such cases are to be sent to T. W. Costen, Register at Elizabeth City, N. C.
